Computing Open House

For High School Students and Their Parents

1:00–4:00 PM on Sunday, January 31, 2010

Loyola University Mundelein Center

1020 W. Sheridan Rd., Chicago, IL

- Meet computer science representatives from area universities.
- Learn about exciting applications of computing and great career opportunities.
- Learn magic tricks and engage in fun activities based on computing ideas.
- See robots in action.
- Get help and advice for your day-to-day computing needs.
- Win prizes (such as an iPod, zip drives, and more).

Please register using the “register here” link at

<http://www.illinoiscomputes.org/events/201001openhouse> .

High school students registering by Jan. 25 and attending the open house will be entered into a random drawing for an iPod touch.

Free parking at the main parking structure at the corner of Sheridan and Winthrop, which is reached by driving north and then around the semicircular drive starting from the light at Sheridan Road and Kenmore Avenue. The intersection of Sheridan and Kenmore is just west of 1020 W. Sheridan.

Please see also other resources, including scholarship opportunities at
